

DUST MONKEY BS

WWW.DUSTMONKEY.NET

SPECIFICATIONS

The BS model of exhaust benches are used for welding, trimming, grinding and smoothing operations in the wood, marble, metal, and foundry industries. The careful placement of the exhaust slots in our benches allows for full dust and toxic fume extraction at the source, before they are breathed in by operators. The use of galvanized sheet metal gives the BS bench a sturdy design and also prevents the continuous treatment

of the surfaces following use, or their deterioration as normally would occur with painted benches. The internal housing of the fan allows the overall dimensions of the BS bench to be reduced, making its size more compact. The work surface and the front suction walls are retractable to allow inside inspection and

enable large-sized parts to be placed on the bench. Slag and heavy dust from operations are deposited inside the bench and are easily removed using the extractable collection tray at the bottom of the bench. The BS exhaust bench can also be fitted with a Universal No-Smoke arm to assist with fume or dust extraction.

FEATURES

- * For welding, trimming, and grinding and smoothing operations in the wood, marble, metal, and foundry industries.
- * Robust structural design can withstand uniformly distributed loads of up to 72 lb/sq. ft.
- * The use of galvanized sheet metal prevents need for treatment of the surfaces following use, or bench deterioration.
- * Ergonomic design allows it to be used in the most suitable positions for carrying out the operation.

OPTIONS

- * Electrofan
- * Modular Filter
- * AFON silencers
- * Electrostatic Filter
- * Sound-Proof Box
- * Air Diffuser
- * Ducting
- * Mountable Extraction Arm

DIMENSIONS, ETC.

Dust Monkey products are manufactured in metric sizes but described here and on the web site in their closest English equivalent. Representative sizes and dimensions are described here. Custom sizes and materials are available.

Diameters:
63 mm: 2.5 inches
75 mm: 3 inches
100 mm: 4 inches
125 mm: 5 inches
160 mm: 6 inches
200 mm: 8 inches

Lengths:
1.5m: 5 feet
2.0m: 6 feet
3.0m: 10 feet
4.0m: 13 feet
5.0m: 16 feet
6.0m: 20 feet
7.0m: 23 feet
8.0m: 26 feet
9.0m: 30 feet

TERMS AND CONDITIONS

PAYMENTS AND TERMS

Prices quoted are good for 30 days unless otherwise noted. Dust Monkey accepts cash, check, wire transfer, or credit cards. All prices are quote in US Dollars, unless otherwise noted. All sales are final. All freight is FOB, Las Vegas, Nevada unless otherwise noted. All goods remain the property of Dust Monkey until paid in full. Payment is due at time of order unless credit has been granted. All past due accounts accrue a service fee of 3% per month. Dust Monkey is a DBA of Komodo Enterprises, Inc., a Nevada Corporation.

WARRANTY & INDEMNITY

Dust Monkey warrants products it manufactures for a period of 90 days to the original purchaser from the date of purchase. Items not manufactured by Dust Monkey are limited to their own manufacturer's warranties. This warranty does not apply to defects due directly or indirectly to misuse, negligence, accidents, abuse, repairs, or alterations or lack of maintenance. This is Dust Monkey's sole written warranty and any and all warranties that may be implied by law, including any merchantability or fitness, for any particular purpose, are hereby limited to the duration of this written warranty. Dust Monkey does not warrant or represent that the merchandise complies with the provisions of any law or acts. In no event shall Dust Monkey liability under this warranty exceed the purchase price paid for the product. Both parties agree to binding arbitration in Las Vegas, Nevada. Dust Monkey shall in no event be liable for death, injuries to persons or property or for incidental, and contingent, special, or consequential damages arising from the use of our products. Dust Monkey warrants products only for the specific use expressly agreed to at time of purchase by Dust Monkey in writing. Motors should only be started and stopped up to 4 - 10 times per hour. Starting motors more frequently can cause heat build up and can cause the motor overload to trip or cause motor damage. In general, motors should be started and stopped as little as possible for maximum lifespan and best economy (electrical use). *Note: Motors should be protected from extreme weather to prolong motor life. All claims, including claims covered under the limited warranty, are subject to inspection and investigation before Buyer's claim is settled. Any parts returned for warranty or repair will not be accepted without an RMA number and must be shipped pre-paid. Contact Customer Service with the original bill of sale to obtain an RMA number.

PRIVACY STATEMENT
